Notes

If the game does not start, incompatible characters might have been used for the installed folder name.

Your computer needs to restart in order to finish Physx installation.

If the error message which says "The program can't start because PhysXLoader.dll is missing from your computer" is shown, reinstalling PhysX may fix the problem.

If the error message says "d3dx9_41.dll was not found" is shown and cannot start the game, updating DirectX end user runtime may fix the problem.

Depends on the application execution environment, the graphics distortion may occur due to out of syncing.

This game uses XBOX controller as the default controller. If other type of controller is used, the controller setting may be different. Please read the controller manual for the setting of the controller other than XBOX controller.

El Shaddai is only compatible with XInput. If your controller is not working properly, switching to XInput may fix the problem. Please check the manual of your controller for how to switch the input into XInput.

In the case of screen distortion, please try: tick the "ScreenSetting" in the launcher, select "Advanced<<" then tick "Lock to vsync" in "Renderer" may fix the graphic in game.

If the error message which says "Render creation error" is shown on your screen, unticking FullScreen from Screen Setting may fix the problem.

If you start the game with ticking "ScreenSetting" in the launcher, ScreenSetting may not be shown in front of the other windows.

Boost Skills	(While using overboost) LB + RB

※Delayed timing means to press button a few frame after the previous attack move

ATTACK

X BUTTON

▶ Guard Breaks

Guard Breaks are effective if the enemy is blocking your attack. After pressing the X BUTTON, if you press the X BUTTON with a slight delay and then press the X BUTTON again, a guard breaking attack will be performed.

▶ Counter Attacks

After pressing X BUTTON multiple times, if you release the button or press X BUTTON multiple times for some duration, Counterattacks will be performed. If you get attacked while pressing the button, you will take damage but the enemy attack will not make you stagger.

▶ Enoch's bare fists

In the beginning, Enoch will be fighting with his own bare fists. Enoch will perform basic punching and kicking attack by pressing X BUTTON.

Unique attack moves when Enoch is unarmed

Strikekick (Specialmove)	RB + X BUTTON
Dodge (Special move)	RB+A BUTTON+ LEFT STICK
Splash kick	Press X BUTTON repeatedly after counterattacks
Quick dive	Hold X BUTTON in the air

» Almighty gods' weapons

Enoch can use 3 different holy weapons other than his knuckles. Each weapon has its own characteristics and different ability. Please see P22 for more details of the holy weapons.

BLOCK

RB

▶ Blocking

You can block incoming attacks by pressing RB. While blocking you will not take damage from enemy.

▶ Parry

You can parry the incoming attack if you press RB in the right timing. Performing parry will make chance to hit enemy.

JUMP

A BUTTON

▶ Double Jump

If you press A BUTTON while jumping, you can jump again and you can reach more height.

▶ Descending Strike

If you hold X BUTTON in the air, you can attack from the air descending to the ground.

▶ Aerial Special Attack

If you press RB + X BUTTON in the air, you can perform aerial special attack. This attack move will change depends on the weapon that you have.

STEALING WEAPON

LB when enemy is stunned

▶ Stunning Enemy

If you deal certain amount of damage to the enemy with weapon, you can stun the enemy.

▶ Get close and take the weapon away

If you get close to the stunned enemy and press LB, you can take away the weapon the enemy is holding. The taken weapon will get its true power back and will increase damage for a while.

SPECIAL MOVES

RB+A BUTTON+LEFT STICK

▶ Special moves by the weapon

RB+A BUTTON+ LEFT STICK desired direction input will perform special maneuver.

Special moves will change depending on the weapon.

UNARMED : Rolling forward

ARCH : Jumping up

GALE : High-speed movement

VEIL : Shielding movement

PURIFICATION

LB

▶ Purify your weapon

The holy weapons are the strongest right after when it is taken away from enemy, the holy weapon will get degraded every time it is used and weakens its power. When the power gets weaker, the color of the hit effect will change. Purifying the weapon will regain the power back to normal.

Weak Damage Strong

OVERBOOST

(When overboost is available) LB + RB

※ "Overboost" can be used as the story goes on.

▶ Ready to use the Overboost

After extended battle, Enoch's body becomes engulfed in flame, allowing you to enter the Overboost mode. Overboost enhances your powers in many ways for a limited time.

▶ Activating the Overboost

If you press LB+RB when the Overboost is available, you can activate the "Overboost".

▶ Activating the BOOST SKILLS

If you press LB+RB during Overboost, Enoch can unleash the special attack "Boost Skills". If you use Boost Skills, Overboost will be deactivated regardless of the time remaining.

ABOUT BOOST LEVEL

The duration of Overboost will change depending on Boost Level. Boost Level can be increased by collecting the boost items.

Flame of Power

SMALL POWER AMOUNT LARGE

» CHECKING BOOST LEVEL

You can check your current boost level by pressing BACK BUTTON.

※The gauge will not be shown until you can use Overboost.

BATTLE

FIGHT WITH YOUR SKILL

If you encounter the enemy during the path, the battle will begin. Utilize Enoch's power and your skill to defeat the enemy.

▶ Triad of Balance

The Triad of Balance is the combat triangle for the holy weapons. Each weapon has its advantage and disadvantage against the other weapons. "Arch" is strong against "Veil", "Veil" is strong against "Gale" and "Gale" is strong against "Arch".

This correlation of the holy weapons can be visualized by using an item. Wearing the item "Eyes of Truth" allows you to see the weapon you are equipping is strong or weak against the enemy weapon. However this item and ability will disappear after the certain period of time.

▶ Use the advantage of the triad

Utilize the triad of balance to take advantage of the enemy. Take away the weapon the enemy is equipping if it gives you the advantage based on the triad of balance.

▶ About the armor of the character

The character's armor indicates the health of its character. There are 5 stages for the conditions of armor and each has different durability. The armor gets weaker as you take more damage and eventually when the durability gets to zero, all the armors will get torn apart. When all the armors are gone, you become critical condition and if you get any damage during the condition you will become near-death condition.

Condition of the armor

▶▶ Restoring Armor

The armor which is damaged can be restored with the "Light of Blessing". Also, using the Overboost will restore the armor too.

▶ Rapid-Fire Recovery

If you are in the near-death condition, Enoch will collapse and the screen will fade out as if the eyes are closed. In this moment, if you press the button (except START BUTTON and BACK BUTTON) multiple times, Enoch will return from the abyss of death.

※If you successfully revive Enoch, some of his armor will get restored and if you failed to revive Enoch, the game will be over immediately.
※In some scene, there will be no recovery and the game will be over immediately from the near-death condition.

3 TYPES OF WEAPONS

If you use "Stealing Weapons" while the battle, Enoch can use 3 different types of weapon. Change the weapons depending on the situation is important.

ARCH

The "Arch" is able to cut apart all the existence has the insight which can never be reached by mankind. Sometimes it becomes rigid like a sword, sometimes it becomes flexible like a pleasing line of light in the sky. This orbit of light slices enemy through and sends the soul into the heaven.

The first weapon that Enoch will grab, this weapon is balanced in both offence and defense. Has a lot of aerial abilities and especially the unique move "Arch Glide" comes in handy when you need to leap through the complex platform.

Unique Movements

Aerial

RB + X BUTTON

Air Leap

RB + A BUTTON

Spin Slash

Hold X BUTTON in midair

Hi-Spin Slash

Press X BUTTON repeatedly during Spin Slash RB + X BUTTON in midair

Aerial Air

Arch Glide

Hold A BUTTON in midair

GALE

The "Gale" is a holy weapon specialized to strike in long range. The trio of "Slaves" as one set, three sets are deployed in each left and right. The "Slaves" are commanded by a torus shaped controller system which conducts the thought of its operator. The "Slaves" will change its formation into the shield while blocking.

The "Slaves" which surround its operator's body can be ejected to perform long ranged attack. You can fight safer by taking distance from enemy but this holy weapon is weak at blocking compare to other weapons.

Unique Movements

Spiral Gale

RB + X BUTTON

Gale Attack

RB + A BUTTON

Gale Tempest

Press X BUTTON repeatedly after Counter Attacks

Rapid Gale

Hold X BUTTON in midair

VEIL

The "Veil" is known for its overwhelming force which simply does not allow any other gods' weapons to compete. This holy weapon is also great at defending and can move while blocking. In the defensive mode, the "Veil" will form itself into a beautiful circle remind you that this holy weapon is not only about its brute force and is about its elegance.

The shield shaped "Veil" that are worn in both hands is the best at blocking among all three types of weapon. There are some obstacle that can be destroyed only by the "Veil".

Unique Movements

Heavy Blow

RB + X BUTTON

Rush Blow

Press X BUTTON repeatedly after Heavy Blow

Advancing Fort

RB + A BUTTON

Quick Blow

Hold X BUTTON in midair

VARIOUS ITEMS

There are various different items appear during the game. Obtaining these items will help you to proceed the game.

Recovery Item

[Light of Blessing (S)] Replenish Enoch's armor.

[Light of Blessing (M)] Replenish Enoch's armor drastically.

[Light of Blessing (L)] Replenish Enoch's armor completely.

Power-up Item

[Flame of Power (S)] Gives small amount of the experience to increase the Boost Level.

[Flame of Power (M)] Gives medium amount of the experience to increase the Boost Level.

[Flame of Power (L)] Gives large amount of the experience to increase the Boost Level.

Weapon Swapping Item

Using Stealing Weapons towards these items will swap the weapon.

[Fruit of Wisdom/Arch] Swaps Enoch's weapon to Arch.

[Fruit of Wisdom/Veil] Swaps Enoch's weapon to Veil.

[Fruit of Wisdom/Gale] Swaps Enoch's weapon to Gale.

Special Item

[Eyes of Truth]
Visualize which weapon is strong or weak against the current weapon that is equipped.

[Prophecies of Ishtar]
This item can only be acquired in the Darkness. After escaping from Darkness "the shard of Ishtar" can be acquired.

[Freeman's Notes]
The information about the inside of the tower and fallen angels written by Freeman can be acquired.
