STARTING THE GAME

Save and Load

The game will save automatically (Auto Save) after clearing an episode. If continuing, you can choose the data you wish to load when starting the game. You can also save your game and load previous save data from Options.

- You can turn Auto Save After Clearing on or off in Options, Game Settings.

Saving during battle

During a battle, you can pause the game and select Suspend/Quit from the pause menu to save your data in mid-battle.

To continue your game, select the mode you suspended from the main menu.

MAIN MENU

- Each key's assignment can be changed by going to Options, Control Settings.
- The game can also be played with an Xbox 360 Wireless Controller. The Xbox 360 Wireless Controller for Windows requires an adapter/receiver to use the wireless controller.
- The Title also supports PC Gamepads. The PC Gamepads work in a similar fashion as the Xbox 360 Controller when used in X-Input mode.
- The PC Gamepads can be used as a Direct-Input device as well.
