

RAVENMARK

SCOURGE OF ESTELLION

ART BOOK

In the world of Eclisse, the ruling Empire of Estellion is besieged by a scourge of embittered zealots from the swamp nation of Kaysan, erased from history by the Empire's hubris.

As the Empire struggles against nigh-endless invaders and ruthless political machinations, its heroes must fight to restore the banners of the raven... Or fall to the *Scourge of Estellion*.

LIVIA CASSIANUS

Tasked to oversee the centralisation of troops from the Faiths into Dorton Hall, the Magister never has anything good to say about any situation and is often skeptical of everyone, even her fellow soldiers.

Livia's sharp, stubborn tongue is rivaled only by her combat talents as a Thaumaturge, and despises anyone who does not know their place.

LIVIA CASTING...

CALIUS SEPTIM

A bookish, mild-mannered and honest soldier in the Earthbound corps that serve the Empire of the Raven, Calius has just finished his first year of service on the long road to earning the nobility of Ravenhood.

He strives to perform his best, but the passive and nervous youth often pales in physical performance next to his mates in the same Formation.

REBUS SEPTIM

If Calius should be the brains of the brothers Septim, Rebus is the brawn. Born with a penchant for brawls and brash tantrums, Rebus channeled his energy into the military, where the regimented life tempered the Signum's heat.

Despite high praise for his natural leadership of his Earthshield squads, Rebus is content with the simpler things in life and does not seek to climb the ranks.

VIDIUS HARPER

One of the greatest generals in Estellion, Harper hails from an illustrious lineage of service to the Empire.

An innate boldness of character and passion for laying bets has earned him the respected nickname of the Gambler amongst commonfolk and soldiers alike.

THADDEUS L'ECLIN

A true believer of the never-say-die mantra.

Born to a modest family which hails from Siege Point, a desire to see the world at large drove Thaddeus to join the 1st Rifles – better known as the Grey-jackets.

DWIGHT LAWFORDE

An apathetic and ill-mannered Dwarven sergeant from Esotre, and the right hand man in Thaddeus's crew of Grey-jackets.

Unlike his more industrious kin, Dwight is such a skiver that his words often cut short from being too lazy to finish what he's saying. It is unsurprising that Dwight has been passed over for promotion umpteenth times – but he isn't counting.
